Dividend Reinvestment Plan Issue Price

Qube Holdings Limited (“Qube”) today confirms that the issue price of shares to be issued under the Dividend Reinvestment Plan (“DRP”) for the final dividend for the year ended 30 June 2014 is \$2.4939.

The period for determining the price for the DRP concluded on 19 September 2014. The issue price was calculated using the volume weighted average price for all of Qube’s shares sold on the ASX over the 10 trading days immediately following the record date for payment of the dividend, less a 2.5% discount.

As previously advised, the record date for the dividend was 5 September 2014.

It is expected that new shares to be issued pursuant to the DRP will be issued around 3 October 2014. These shares will rank equally to all shares currently listed on the ASX.
