Notification of Net Asset Value

We hereby provide notification of the KFM Diversified Infrastructure and Logistics Fund's net asset backing per ordinary unit as at the close of the last month and the previous month for comparative purposes:

Net Asset Backing per Ordinary Unit		
Month End	31 January 2010	31 December 2009
Net Assets	\$0.9297*	\$0.9261
Units on Issue	240,449,301	240,449,301

Net asset backing includes listed investments at current market value less associated selling costs which would be payable on realisation of the investments. Unlisted investments are valued based on cost or the most recent independent valuation (undertaken annually) or as otherwise determined by the responsible entity in consultation with the manager.

The last valuation of the unlisted investments reflects the independent valuation undertaken as at 30 June 2009. A valuation of the unlisted investments as at 31 December 2009 is presently being undertaken by the responsible entity in consultation with the manager.

*The net asset value at 31 January 2010 above excludes the impact of the revaluation of the unlisted investments as at 31 December 2009 as this is subject to confirmation from the auditors and the responsible entity.
