

Securities Dealing Policy

Qube Holdings Limited

ACN 149 723 053

1. Application

This Policy applies to all Directors, officers and employees of a Qube Entity. This Policy applies also to contractors and consultants and other parties who provide services to, or are engaged by, a Qube Entity.

Certain capitalised terms used in the Policy are defined in Section 20.

2. Prohibition on Insider Trading

All individuals to whom this policy applies are prohibited from trading in Qube Securities while in possession of inside information. Inside information is information that is:

- not generally available; and
- if the information were generally available, would have a material effect on the price or value of Securities.

Generally, the Corporations Act 2001 (**Act**) prohibits a person who is in possession of inside information from using that information to trade or procure a trade in Securities, or communicate inside information to another person who might trade or procure a trade in Securities. The Act imposes severe civil and criminal penalties on individuals and corporations for breaching the insider trading provisions. This applies even where the trade occurs outside a Blackout Period, or where Qube has granted clearance to a Person to trade.

Inside information must not be used by any individual for their own benefit or another's benefit.

If an individual is in possession of inside information, he or she must not on their own or another's behalf buy or sell Qube Securities or recommend or suggest to any person to buy or sell Qube Securities. He or she should not act on any suggestions by people to buy or sell Securities in other entities for themselves if it is reasonable for them to know that the information would be inside information. It is important to note that an 'insider' does not have to be a person who has a connection with the company e.g. officer or employee. Before anyone subject to this Policy trades in Securities, they should carefully consider whether they are in possession of any inside information and, if they have any doubt on that matter, they should not trade.

Examples of inside information include, among other things:

- financial performance of an entity against budget;
- a major acquisition or sale of assets;
- an actual or proposed takeover or merger;
- entering into or terminating a material contract;
- an actual or proposed change in capital structure;
- a change to dividend or dividend policy;
- a material claim or unexpected liability.

This Policy is designed not only to minimise the risk of actual insider trading, but also to avoid the appearance of insider trading and the reputational damage that may cause to Qube, its Directors and employees. A breach of the Policy will be regarded as serious misconduct, which may lead to disciplinary action, up to and including dismissal.

3. Blackout Periods

For the purposes of this Policy, a **Blackout Period** is:

- (a) the period commencing on and after 1 July and ending on the first trading day after the date of release of Qube's annual results (whether included in Qube's Annual Report or otherwise) in respect of the year ended immediately prior to that 1 July; and

- (b) the period commencing on and after 1 January and ending on the first trading day after the date of release of Qube's half-year results in respect of the half-year ended immediately prior to that 1 January.

Therefore, cleared trading may commence on and from the next trading day after the date of the relevant event. This is to allow the market a reasonable period to absorb the new information.

Directors and Relevant Employees will be notified approximately two weeks prior to the commencement date and the end date of each Blackout Period.

Qube reserves the right to impose ad hoc restrictions on trading by anyone to whom this Policy applies during any period, in addition to the Blackout Period. Imposition of any ad hoc restriction must be kept confidential by recipients.

4. Notification and clearance

A Person must not Deal in any Securities of Qube or a Connected Company without making an appropriate request to trade to Qube's Clearing Officers as set out below.

A Director must not Deal in any Securities of Qube or a Connected Company without making a request to trade to the Chairman or Deputy Chairman and the Company Secretary and receiving written clearance for the trade in advance from both the relevant Clearing Officers.

The Chairman must not Deal in any Securities of Qube without making a request to trade to the Deputy Chairman and the Company Secretary and receiving written clearance for the trade in advance from both the Clearing Officers.

A Person (other than a Director) must not Deal in any Securities of Qube or a Connected Company without making a request to trade to the Company Secretary and receiving written clearance for the trade in advance. If the period in which the Dealing is to occur is a Prohibited Period, the Person must also receive written clearance from a member of the Board in advance.

Clearance to trade can be given, refused or withdrawn in the Clearing Officers' absolute discretion, without giving any reasons.

Ordinarily, an order in respect of a cleared trade must be placed and, if it is a standing order, filled or cancelled, within 5 Business Days after the date clearance is given. However, in respect of Blackout Periods, clearances are deemed to expire at 12:01am on 1 July and 1 January irrespective of the date clearance was granted. Therefore, such an order must be placed and, if it is a standing order, filled or cancelled, by 30 June and 31 December respectively (**Cut-off Dates**).

If an order is placed or filled within the ordinary 5 Business Day clearance period or, if it is filled by the Cut-off Dates in the case of Blackout Periods, it will not be a breach of clearance if settlement of the trade occurs after the end of the clearance period or after the Cut-off Dates (as the case may be).

Clearance to trade can also be given conditionally (including the imposition of standing conditions by a Clearing Officer). Any specific conditional clearance or refusal to give clearance must be kept confidential by the Person seeking the clearance, and not disclosed to anyone.

5. Prohibited Period

Subject to Section 7, a Person will not be given clearance to Deal in any Securities of Qube or a Connected Company during a Prohibited Period and 24 hours thereafter.

A **Prohibited Period** is:

- (a) in respect of Qube, any Blackout Period;
- (b) any period when there is any matter which constitutes Unpublished Price Sensitive Information in relation to the Securities of Qube or a Connected Company (whether or not the Person has knowledge of such a matter) and (in respect of Qube) the proposed Dealing would (if permitted) take place after the time when it has become reasonably probable that an announcement will be required in relation to that matter; or

- (c) any period when the Board otherwise has reason to believe that the proposed Dealing is in breach of this Policy.

Qube will keep a record of any notification or request from a Person pursuant to Section 4 and of any clearance given. Written confirmation from Qube that such notification or request and clearance (if any) have been recorded must be given to the Person concerned.

6. Dealing

A Person must not Deal in any Securities of Qube on considerations of a short-term nature. A Person must take reasonable steps to prevent any Dealings by or on behalf of any Connected Person in any Securities of Qube on considerations of a short-term nature.

7. Exceptional circumstances

Where in exceptional circumstances and it is the only reasonable course of action available to a Person (e.g. a pressing financial commitment that cannot be satisfied otherwise) clearance may be given for the Person to sell (but not to purchase) Securities when that Person would otherwise be prohibited from doing so. Clearance to trade in exceptional circumstances will include an expiry date and be valid for no longer than 5 Business Days unless otherwise decided by the person authorised to give clearance. Where the Qube executive long-term incentive plan requires Securities to be Dealt with in a Prohibited Period, accommodation will be made under that plan to ensure this Policy is complied with. The relevant Person authorised to give clearance under Section 4 will determine whether the circumstances are exceptional for this purpose.

An exception will not be granted if the Director or Relevant Employee is in possession of inside information under any circumstances.

8. Dealings by a trustee

Where a Person is a sole trustee (other than a bare trustee), the provisions of this Policy will apply as if the Person was Dealing on his or her own account. Where a Person is a co-trustee (other than a bare trustee) he or she must advise his or her co-trustees of the name of the listed companies of which he or she is a director.

If the Person is not a beneficiary, a Dealing in Securities of Qube or a Connected Company undertaken by that trust will not be regarded as a Dealing by the Person for the purposes of this Policy where the decision to Deal is taken by the other trustees acting independently of the Person or by investment managers on behalf of the trustees. The other trustees or the investment managers will be assumed to have acted independently of the Person where they:

- (a) have taken the decision to Deal without consultation with, or other involvement of, the Person concerned; or
- (b) if they have delegated the decision making to a committee of which the Person is not a member.

9. Dealings by Connected Persons and investment managers

A Person must (so far as is consistent with his or her duties of confidentiality to Qube) prohibit (by taking the steps set out in Section 10) any Dealing in Securities of Qube or a Connected Company during a Blackout Period or at a time when the Person is in possession of Unpublished Price Sensitive Information in relation to those Securities and would be prohibited from Dealing under Section 5(b):

- (a) by or on behalf of any Connected Person;
- (b) by an investment manager on his or her behalf or on behalf of anyone who is a Connected Person to the Person, where either the Person or the Connected Person has funds under management with that investment manager, whether or not discretionary (save as provided in Sections 8 and 15).

10. Advice to Connected Persons and investment managers

For the purposes of Section 9, a Person must advise Connected Persons and investment managers:

- (a) of the name of any listed company of which he or she is a director that is, or has become, a Connected Company;
- (b) of the Blackout Periods during which they cannot Deal in the Securities of Qube or a Connected Company;
- (c) of any other periods when the Person knows he or she is not free to Deal in Securities of Qube or a Connected Company under this Policy unless his or her duty of confidentiality to the relevant company prohibits him or her from disclosing such periods; and
- (d) that the Connected Person or investment manager must advise the Person immediately after he or she has dealt in Securities of Qube or a Connected Company (save as provided in Sections 8 and 15).

11. Special circumstances

The grant of options by the Board under an employee share option plan to a Relevant Employee may be permitted during a Prohibited Period if such grant could not reasonably be made at another time and failure to make the grant would be likely to indicate that Qube was in a Prohibited Period.

The award of Securities, the grant of options and the grant of rights (or other interests) to acquire Securities by Qube to a Person is permitted in a Prohibited Period if:

- (a) the award or grant is made under an employee share option plan or share plan;
- (b) the terms of such employee share option plan or share plan set out:
 - (i) the timing of the award or grant and such terms have either:
 - (A) previously been approved by shareholders or summarised or described in a document sent to shareholders; or
 - (B) are in accordance with the timing of previous awards or grants under the scheme; and
 - (ii) the amount or value of the award or grant or the basis on which the amount or value of the award or grant is calculated; and
- (c) the failure to make the award or grant or the basis on which the amount or value of the award or grant is calculated.

In cases of doubt, the Australian Securities and Investments Commission, the ASX or legal advisers (as the context requires) should be consulted.

However the following Dealings are subject to the provisions of this Policy, unless they fall within Section 18(f):

- (a) a discretionary award or grant under an employee share option plan which would not otherwise have been made but for the event that led to the commencement of the Prohibited Period; and
- (b) an award or grant under an employee share option plan which is made in a Prohibited Period during which the relevant plan was introduced, or in the case of an existing plan, the relevant plan was amended.

12. Trading in financial or associated products

- (a) Except as provided in Section 12(b) and 13, Persons are permitted to:
 - (i) trade in financial products or similar Securities issued or created over Qube Securities by third parties;
 - (ii) enter into transactions in associated products which operate to limit the economic risk of their Security holdings in Qube,

but only on the basis that such Securities or products are treated as if they were Qube Securities (and therefore the terms of this Policy apply to them in full).

- (b) Persons are prohibited from hedging economic exposure to unvested Qube Securities that have been issued under any Qube equity-based remuneration scheme, including any Qube employee share or option plan, and to any vested Qube Securities that are still subject to disposal restrictions under any such scheme. Hedging includes entering into transactions in financial products that operate to limit the economic risk associated with holding Qube Securities.

13. Margin loans

- (a) A Person must not include his or her Qube Securities in a margin loan portfolio or otherwise deal in Qube Securities pursuant to a margin lending arrangement without first obtaining Qube's consent from the relevant authorised person specified in Section 4. Such Dealing would include:
 - (i) entering into a margin lending arrangement in respect of Qube Securities;
 - (ii) transferring Qube Securities into an existing margin loan account; and
 - (iii) selling Qube Securities to satisfy a call pursuant to a margin loan.
- (b) Qube may, at its discretion, make any clearance granted in accordance with this Section 13(a) conditional upon such terms and conditions as Qube sees fit (for example, in regards to the circumstances in which the Qube Securities may be sold to satisfy a margin call).

14. Short selling

A Person must not Short Sell Qube Securities.

15. Savings and dividend re-investment plans

A Person may enter into a plan in which only the Securities of Qube are purchased pursuant to a regular standing order, direct debit or by regular deduction from the Person's salary, where such Securities are acquired under Qube's dividend re-investment plan or are acquired as part of a Person's remuneration without regard to the provisions of the Policy, if the following provisions are complied with:

- (a) the Person does not enter into the plan during a Prohibited Period, unless the plan involves the part payment of remuneration in the form of Securities and is entered into upon the Person's employment;
- (b) the Person does not carry out the first purchase of Securities in Qube under the plan during a Prohibited Period, unless the Person is irrevocably bound under the terms of the plan to carry out the first purchase of Securities at a fixed point in time which falls in a Prohibited Period;
- (c) the Person does not cancel or vary the terms of his or her participation, or sells the Securities in Qube within the plan, during a Prohibited Period; and
- (d) before entering into the plan, cancelling the plan or varying the terms of his or her participation or selling the Securities of Qube within the plan, the Person obtains clearance under Section 4.

16. Exception

The provisions of this Policy do not apply to an investment by a Person in the plan or arrangement referred to in Section 15 where the assets of the plan or arrangement are invested at the discretion of a third party or to a Dealing by the Person in the units of an authorised unit trust or in shares in an investment company.

In the case of a plan investing only in the Securities of Qube, the provisions of Section 15 apply.

17. Dealings subject to this Policy

For the avoidance of doubt, and subject to the specific exceptions set out in Section 18, the following constitute Dealings and are subject to this Policy:

- (a) Dealings between Directors and/or Relevant Employees of Qube;
- (b) off-market Dealings;
- (c) transfers for no consideration by a Person other than transfers where the Person retains a beneficial interest;
- (d) entering into, or terminating, assigning or novating any stock lending agreement in respect of Securities of Qube or a Connected Company;
- (e) using as security, or otherwise granting a charge, lien or other encumbrance over, Securities of Qube or a Connected Company; and
- (f) any transaction, or the exercise of any power or discretion, effecting a change in the ownership of a beneficial interest in the Securities of Qube or a Connected Company.

18. Dealings not subject to this Policy

For the avoidance of doubt, and notwithstanding the definition of "Dealing" contained in Section 20, the following Dealings are not subject to the provisions of this Policy in respect of Qube or a Connected Company:

- (a) undertakings or elections to take up entitlements (including to take up under shortfall offers) under a rights issue or other offer (including an offer of shares in lieu of a cash dividend);
- (b) the take up of entitlements (including to take up under shortfall offers) under a rights issue or other offer (including an offer of shares in lieu of a cash dividend);
- (c) allowing entitlements to lapse under a rights issue or other offer (including an offer of shares in lieu of a cash dividend);
- (d) the sale of entitlements under a renounceable rights issue or other offer;
- (e) undertakings to accept, or the acceptance of, a takeover offer or pursuant to a scheme of arrangement implemented in accordance with section 411 of the Corporations Act;
- (f) transfer of shares arising out of the operation of an employee share scheme into a savings scheme investing only in Securities of Qube following:
 - (i) the exercise of an option under a savings related share option scheme; or
 - (ii) release of shares from a profit sharing scheme;
- (g) the cancellation or surrender of an option under an employee share scheme;
- (h) the purchase of Securities or the communication of information pursuant to a requirement imposed by law;
- (i) transfers of Securities by an independent trustee of an employee share scheme to a beneficiary who is not a Person; and
- (j) bona fide gifts to a Director by a third party.

19. General conflicts of interest

All Relevant Employees who are bound by this Policy must advise the Board of any personal interest (including an interest in Securities) which may be impacted in a material way by a project or decision which is before the Board and in which the employee is materially involved on behalf of Qube.
