Corporate Governance Statement

For the year ended
30 June 2025

Acknowledgement of Country

In the spirit of reconciliation, Qube acknowledges the Traditional Custodians of Country throughout Australia and their connections to land, sea, waterways and community. We pay our respects to elders past, present and emerging.

We also extend that respect to the Māori people of New Zealand – the tangata whenua of Aotearoa.

Principle 6 Respect the rights of security holders	22
Principle 7 Recognise and manage risk	24
Principle 8 Remunerate fairly and responsibly	26

Disclaimer

This statement has been prepared by Qube Holdings Limited (Qube) for itself and on behalf of its reporting entities in relation to their activities during the 2025 financial year. Qube has prepared this document based on information available to it at the time of preparation and it does not purport to be complete or without error. This document should be read in conjunction with Qube's other periodic and continuous disclosure announcements lodged with the ASX, including Qube's FY25 Sustainability Report and Annual Report.

2025 Corporate Governance Statement

This Corporate Governance Statement (**Statement**) outlines the key aspects of the corporate governance framework of Qube Holdings Limited (Qube Holdings and its group of companies (**Qube** or **Qube Group**)). The Qube Holdings Board of Directors (**board**) is committed to high standards in corporate governance and believes that good governance plays a major role in Qube's success. For the 12-month reporting period to 30 June 2025 (**reporting period**) and to the date of this Statement, Qube's governance practices have complied with the Corporate Governance Principles and Recommendations of the ASX Corporate Governance Council, 4th Edition (**Principles** or **Recommendations** as the context requires).

This Statement reflects the position in relation to corporate governance matters during and as at the end of the reporting period. This Statement has been approved by the board and is current as at 21 August 2025. Listed below are matters required to be disclosed by the Recommendations.

The policies, charters and documents referred to in this Statement can be found in the Governance section of Qube's website at:
www.qube.com.au/about/governance/.

Principle 1. Lay solid foundations for management and oversight

Role and Responsibilities of the Board

Recommendation 1.1

- 1.1. The board is responsible to shareholders for the long-term performance of Qube and for overseeing the implementation of high standards of corporate governance with respect to Qube's affairs.
- 1.2. To assist the board in discharging its responsibilities, Qube has adopted a governance framework which provides for the delegation of functions to board committees (committees) and senior management under the leadership of Qube's Managing Director. While ultimate accountability rests with the board, the framework ensures that functions are carried out by the most appropriate person or group and that a tiered system of responsibility and accountability exists throughout Qube.
- 1.3. The board operates under a formal charter which is available in the Governance section of Qube's website and is reviewed on a periodic basis. The charter sets out the board's role, responsibilities and key matters reserved to it for consideration and decision-making. In summary, the board is responsible for:
 - a. Leadership and Values** – demonstrating leadership, defining Qube's purpose and approving Qube's Statement of Values and Code of Conduct and Ethics to underpin the desired culture within Qube.
 - b. Strategy and Budgets** – approving, directing, monitoring and assessing Qube's performance against strategic business plans and objectives, as well as approving and monitoring the annual financial budget and capital management, including major capital expenditure, acquisitions and divestments.
 - c. Risk Management** – approving Qube's risk appetite statement, ensuring a risk management framework is in place under which processes are articulated and followed to identify and manage the principal risks of Qube's business and assessing the integrity of Qube's systems of risk management.
 - d. Reporting and Disclosure** –
 - i. being satisfied that appropriate frameworks, policies and procedures are in place for relevant information to be reported by management to the board so that the board can fulfil its reporting responsibilities.
 - ii. approving half-year and full-year financial results, the annual report and related disclosure to the ASX and for Qube's annual general meeting.
 - e. Management and Performance** –
 - i. ensuring Qube's remuneration policies are aligned with Qube's purpose, values, strategic objectives and risk appetite.
 - ii. approving criteria for assessing, monitoring and evaluating the performance of the Managing Director, senior executives and the company secretaries of the board.
 - iii. undertaking an annual performance review of the effectiveness of the board and its committees.
 - f. Corporate Governance** – authorising key Group policies, and establishing and monitoring Qube's compliance with laws, regulations and corporate governance standards, including by setting Qube's values and overseeing management instilling those values across the organisation to reinforce a culture of acting lawfully, ethically and responsibly.
- 1.4. The board's charter sets out directors' rights to access information and independent advice and to engage in continuing professional development.

Chairman

- 1.5. The Chairman of the board (Chairman) is elected from the independent non-executive directors of Qube Holdings (directors). The responsibilities of the Chairman are set out in the board's charter.
- 1.6. Mr Allan Davies has been Chairman since his appointment on 23 June 2017. Further information on Mr Davies is set out in the Directors' Report contained within the 2025 Annual Report.

Principle 1. Lay solid foundations for management and oversight (continued)

Board Committees

17. The board has established three standing board committees to assist with the effective discharge of its duties, as follows:
 - a. Audit and Risk Management Committee (**ARMC**)
 - b. Nomination and Remuneration Committee (**NRC**)
 - c. Safety, Health and Sustainability Committee (**SHSC**)
18. All three committees have at least three members. Each committee operates under a specific charter approved by the board. The board regularly reviews the appropriateness of the existing committee structure as well as the membership and charter of each committee.
19. Qube's current board and committee charters are available in the Governance section of Qube's website. Further details about the committees, as at the end of the reporting period, are set out in the table below.

Committee	Role
Audit and Risk Management Committee	
Members and Composition: ▪ James Fazzino (Chair) ▪ Steve Mann ▪ Jill Hoffmann Note: Mr Mann ceased to serve as Chair of the ARMC (but remained a member). Mr Fazzino was appointed to the role of Chair of the ARMC with effect from 20 February 2025. The Chairman, while not a member, attends all ARMC meetings.	The primary responsibility of the ARMC is to review the integrity of Qube's financial reporting process and to report the results of its activities, and make recommendations within its areas of responsibility, to the board. Other responsibilities of the ARMC include: ▪ Overseeing the adequacy of Qube's corporate reporting processes and internal control framework. ▪ Reviewing compliance with legal and regulatory obligations with respect to reporting. ▪ Assessing the integrity of the financial reporting process ▪ Reviewing the draft half yearly and annual financial statements and associated documents and assessing whether they represent a true and fair view of the financial position and performance. ▪ Overseeing the relationship with, and the independence of, the external auditor. ▪ Reviewing the provision of non-audit services by the external auditor. ▪ Reviewing the fees payable to the auditor for audit and non-audit work. ▪ Overseeing the relationship with, and provision of internal audit services by, the internal auditor. ▪ Reviewing Qube's enterprise-wide risk management framework and risk appetite and their reporting. ▪ Overseeing Qube's enterprise-wide risk portfolio and ensuring appropriate allocation of responsibility for specific risks. ▪ Reviewing the identification, management and reporting on significant existing, new and emerging risks including control and mitigation measures. ▪ Overseeing the operation of Qube's compliance systems and Qube's corporate governance processes. ▪ Consulting with and, as appropriate, referring to the SHSC and NRC matters that may be within the areas of responsibility of those committees under their charters.

Principle 1. Lay solid foundations for management and oversight (continued)

Committee	Role
Nomination and Remuneration Committee	
Members and Composition: ▪ Allan Davies (Chair) ▪ John Bevan ▪ Jill Hoffmann Note: Mr Davies replaced Jackie McArthur as the Chair of the NRC with effect from 11 April 2025 (being Ms McArthur's resignation from the role of Chair of the NRC). Mr Bevan was appointed as a member of the NRC with effect from 20 February 2025. Ms Hoffmann ceased to be a member of the NRC on 20 February 2025 and was re-appointed as a member with effect from 11 June 2025.	The responsibilities of the NRC include: ▪ Overseeing the remuneration of non-executive directors. ▪ Ensuring Qube's remuneration framework, policies and practices are aligned with Qube's purpose, values, strategic objectives and risk appetite as set by the board. ▪ Reviewing and making recommendations to the board on Qube's remuneration policies, framework and practices (including senior executive remuneration and long-term incentive (LTI) and short-term incentive (STI) plans) to ensure they are aligned with the strategic objectives of the board. ▪ Making recommendations to the board in relation to the setting of awards under, and operation of, equity-based incentive plans and other employee benefit programs. ▪ Setting performance-based measures for senior executives (other than the Managing Director), determining performance outcomes and approving awards under the STI Plan for the Key Management Personnel. ▪ Overseeing the performance evaluation of senior executives including the Managing Director. ▪ Reviewing Qube's recruitment, retention and termination policies and fringe benefits. ▪ Reviewing the size, composition and necessary competencies of the board, and developing strategies to promote diversity in the board's composition. ▪ Establishing guidelines for the selection and appointment of new directors, and making recommendations to the board on the appointment and removal of directors, considering the Board Skills Matrix. ▪ Overseeing and considering diversity and inclusion in the context of director and senior executive succession planning and broader initiatives to increase diversity and inclusion across Qube's workforce. ▪ Reviewing Qube's Workplace Gender Equality Agency reporting. ▪ Overseeing people and culture matters to ensure alignment with Qube's purpose, values, strategic objectives and risk appetite as set by the board. ▪ Reviewing psychosocial hazards and incidents and workplace sexual and gender-based harassment. ▪ Consulting with and, as appropriate, referring to the ARMC and SHSC matters that may be within the areas of responsibility of those committees under their charters.

Principle 1. Lay solid foundations for management and oversight (continued)

Committee	Role
Safety, Health and Sustainability Committee	
Members and Composition: ▪ Alan Miles (Chair) ▪ Lindsay Ward ▪ Mick McCormack ▪ Paul Digney (Managing Director) Note: Jackie McArthur resigned as a member of the SHSC with effect from 11 April 2025. Mr McCormack was appointed as a member of the SHSC with effect from 22 May 2025. The Chairman, while not a member, attends all SHSC meetings.	The responsibilities of the committee include assisting the board in fulfilling its strategy, policy, monitoring and corporate governance responsibilities in regard to: ▪ Overseeing safety, health and sustainability (SHS) matters arising out of the operations and activities of the Qube Group as they affect employees, contractors, local communities and the environment. ▪ Monitoring the effectiveness of Qube's risk management framework by overseeing the management of risks within the remit of the committee's SHS responsibilities, including reviewing the strategies, systems, policies and processes established by Qube management to: – manage the safety, health and environmental performance of Qube and its subsidiaries. – monitor the adequacy of safety, health and environment systems for the reporting of actual or potential incidents and breaches. – monitor subsequent investigations and remedial actions. ▪ Ensuring compliance with legal and regulatory obligations within the committee's remit. ▪ Overseeing Qube's sustainability strategy, activities and long-term sustainability goals and monitoring progress against them. ▪ Overseeing the review and management of Qube's material exposure and responses to environmental risks, including climate change and emissions reporting. ▪ Overseeing management's implementation, monitoring and reporting of sustainable and ethical business practices of the Qube Group and its suppliers including modern slavery risks. ▪ Reviewing and interrogating the integrity of sustainability-type reports and external communications, especially with regard to decarbonisation-related reporting. ▪ Consulting with and, as appropriate, referring to the ARMC and the NRC matters that may be within the areas of responsibility of those committees under their charters.

Principle 1. Lay solid foundations for management and oversight (continued)

Management Attendees – Board and Committee Meetings

- 1.10. Select senior members of management attend board and committee meetings. Other senior management personnel attend meetings as required or invited to report on matters relevant to their areas of responsibility. On a standing basis, the following senior management personnel attended the following meetings during the reporting period:
- a. Board** – Managing Director, Chief Financial Officer, General Counsel & Company Secretary, Director – Logistics & Infrastructure, Director – Ports, Director – Bulk, Director – Strategy & Development, Director – Corporate Affairs and Company Secretary.
 - b. ARMC** – Managing Director, Chief Financial Officer, General Counsel & Company Secretary, General Manager – Group Finance & Reporting, General Manager – Treasury & Risk and Company Secretary.
 - c. NRC** – Managing Director, Chief Financial Officer, General Counsel & Company Secretary, Director – People, Culture & Safety, Group Investor Relations & Corporate Support, Company Secretary and Qube's internal Remuneration Consultant.
 - d. SHSC** – Managing Director, General Manager – Safety, Health and Sustainability, Director – People, Culture & Safety, Director – Corporate Affairs, General Counsel & Company Secretary and Company Secretary.
- 1.11. The Chairman attends all meetings of each committee.

Management Delegation and Responsibility

- 1.12. The board has delegated the day-to-day management of Qube's business to the Managing Director and management. The Managing Director and management regularly report to the board to enable the directors to discharge their duties. In addition, reports from each committee and each business unit as well as from senior management are provided as part of the papers for each meeting of the board. IT and cyber security reports are standing agenda items at all ARMC meetings.
- 1.13. To ensure appropriate oversight of the senior executive team, Qube has adopted a range of mechanisms which reinforces the accountability of the senior executive team for functions delegated to them and ensures their performance is assessed accordingly. As advised by the NRC, the board is responsible for setting the major goals and objectives of the Managing Director for the year ahead. The Chairman conducts the Managing Director's performance review and shares the outcomes with the board.

Selection, Appointment and Re-election of Directors

Recommendation 1.2

- 1.14. In considering the selection, appointment and re-election of directors, the NRC ensures that an appropriate balance of skills, experience, expertise and diversity is maintained suitable for Qube's current and anticipated future operations. External consultants are engaged to assist with the selection process as necessary.
- 1.15. Qube has a Non-Executive Director Recruitment Policy. The NRC assesses candidates for directors against Qube's Board Skills Matrix (see page 13), including to identify the particular skill sets and expertise to focus on based partly on which range of criteria for the role is developed. The committee then considers candidates' background, experience, personal qualities and professional skills. Once a shortlist of suitable candidates is identified, the committee undertakes interviews of, and background checks into, prospective candidates. These checks include but are not limited to solvency, criminal record and reference checks.
- 1.16. Final selection of the preferred candidate is made jointly by the NRC Chair and the Chairman and must be endorsed by the NRC. Each board member is given the opportunity to meet with the proposed appointee. Key senior management personnel also have the opportunity to meet with the proposed appointee. In accordance with Qube's Constitution, the preferred candidate must then be formally proposed to and approved by the board.
- 1.17. Qube announces and provides background and experience on all new directors at the time they are appointed.
- 1.18. The board provides information in each notice of annual general meeting (AGM) on all directors standing for election or re-election at the meeting. For all candidates standing for election for the first time, Qube will include confirmation that it has conducted appropriate checks into the candidate's background and experience, relevant information if those checks revealed any concerns and, in its statement as to whether the board supports the election, a summary of the reasons for its view.

Principle 1. Lay solid foundations for management and oversight (continued)

Recommendation 1.3

- 1.19. Qube has a formal written agreement with each of its non-executive directors and senior executives via formal letters of appointment. These letters of appointment are with the director or senior executive personally.
- 1.20. The letter of appointment contains the terms, conditions, and rights and responsibilities of the role, including:
 - a. the requirement to disclose the individual interests and any matters which could affect the director's or senior executive's independence.
 - b. ongoing confidentiality obligations.
 - c. the requirement to comply with key corporate policies, including Qube's Disclosure of Interests and Related Parties Transaction Policy, Code of Conduct and Ethics, Anti-Bribery & Anti-Corruption Policy, and Securities Dealing Policy.
 - d. in addition, for non-executive directors:
 - i. the requirement to notify Qube of, or to seek the Chairman's approval before accepting, any new role that could impact upon the time commitment expected of the director or give rise to a conflict of interest.
 - ii. Qube's policy on when directors may seek independent professional advice at the expense of the entity (which generally should be whenever directors, especially non-executive directors, judge such advice necessary for them to discharge their responsibilities as directors).
 - iii. indemnity and insurance arrangements.
 - iv. ongoing rights of access to corporate information, independent advice and continuing professional development.

Company Secretaries

Recommendation 1.4

- 1.21. The board has two company secretaries. The company secretaries are directly accountable to the board and assist it with corporate governance matters, adherence to board policies and procedures, and meeting Qube's regulatory compliance obligations. The company secretaries report through the Chairman directly to the board on all matters to do with the proper functioning of the board. All directors have access to the company secretaries who may retain professional advisers at the board's request or as required to discharge their responsibilities to the board. Further information on the role of the company secretaries is contained in the board's charter.

Diversity Strategy and Objectives

Recommendation 1.5

- 1.22. Qube is committed to an inclusive culture that values diversity and provides equitable employment outcomes, including ensuring that individuals do not experience discrimination or other unlawful workplace behaviour. Respecting diversity and being inclusive is a fundamental part of Qube's vision, culture and values.
- 1.23. Qube has a Diversity Policy which emphasises the benefits of diversity, in particular setting out the gender diversity target for the board and focusing on increasing female participation in its workforce, particularly at the recruitment phase. The Diversity Policy was reviewed during the reporting period.
- 1.24. The NRC provides oversight of Qube's diversity and inclusion strategies, initiatives, targets and Workplace Gender Equality Agency reporting. These initiatives and programs promote female participation in operational and blue-collar roles, as well as management roles and the board.
- 1.25. Qube seeks to increase female participation by focusing on the pipeline, recruitment, cadetship/graduate stage of employment through a collective and consistent message that explains and represents who we are as an inclusive employer. During the reporting period, Qube ran a professional development pilot program to support women preparing for leadership roles, which included tailored one-on-one coaching. Participants selected for this program were either new or emerging female leaders identified for their potential to drive the future success and growth of the organisation. The success of the pilot program in FY25 was overwhelming with the development program now secured for the coming three years (FY25–FY28).

Principle 1. Lay solid foundations for management and oversight (continued)

Gender Diversity Goals

- 1.26. Consistent with the Diversity Policy, during the reporting period the NRC reviewed previously established measurable objectives and Qube's progress in achieving them to ensure continuing implementation of equal opportunity and non-discriminatory practices. The objectives are designed to be achieved over multiple years.
- 1.27. A key organisational objective is to increase the percentage of female participation in the workforce across the Qube Group to 18% across the business by 2030 (in FY25 Qube achieved 14.4% against a target of 15%, compared with 14.2% in FY24), and to increase the female participation in the Qube Australian workforce to 16% across the Australian business by 2030 (in FY25 Qube achieved 12.9%, compared with 12.5% in FY24).
- 1.28. In addition, Qube has the specific objective of increasing female participation in management across the Qube Australian workforce to 20% by 2030 (in FY25 Qube achieved 15.7%, compared with 12.2% in FY24).
- 1.29. In respect of gender diversity in the composition of the Qube Board, during the reporting period Qube extended its measurable objective of having a gender balance of 40:40:20 to 30 June 2028. As at 30 June 2025, Qube's board had one female director, which represents a female composition of approximately 11%. Qube is focused on increasing the female representation of its board.
- 1.30. The workforce gender composition at various levels in the Australian business for the 12 months to 31 March 2025 is disclosed in Qube's 2025 Workplace Gender Equality Act Report. The report is available on Qube's website at: www.qube.com.au/investor/reports/.

Board Performance

Recommendation 1.6

- 1.31. The board has adopted a policy establishing a performance evaluation process for the board and its committees. As required under the board and committee charters, the performance of the board, its committees and the directors are reviewed on an annual basis.
- 1.32. Additionally, as part of the annual performance review, the Chairman may decide to meet with the board as a whole and with each director individually to discuss the effectiveness of the board and each of the committees.
- 1.33. Such reviews may also be conducted by an external service provider. Whether or not an external service provider has been engaged to assist with the review, the board will consider the results of the review and, where desirable, take steps to implement any recommendations for improving the performance of the board and the committees.
- 1.34. A performance evaluation process was conducted during the reporting period and the outcomes were discussed amongst the directors including the Managing Director.

Management Performance

Recommendation 1.7

- 1.35. A comprehensive process for the evaluation of the performance of senior executives is also conducted on an annual basis. Performance evaluations for all senior executives were undertaken during the reporting period.
- 1.36. As part of the review process, the Managing Director considers and disseminates internal feedback, reviews the senior executive's performance against requisite standards and actively monitors their contribution to all aspects of Qube's performance and culture. The results of these reviews are considered and used by the NRC in determining future remuneration and overseeing executive appointments.

Principle 2. Structure the board to be effective and add value

Nomination and Remuneration Committee

Recommendation 2.1

- 2.1. The NRC is comprised of three members (including the Chairman) all of whom are independent. During the reporting period, the committee was chaired by Ms Jackie McArthur until 11 April 2025, when she was succeeded by Mr Allan Davies. Both are independent directors.
- 2.2. The committee's charter was reviewed during the reporting period, and a copy is available in the Governance section of Qube's website. Meetings of the committee, and individual attendances of its members, are set out in the Directors' Report contained in the Annual Report.

Board Skills

Recommendation 2.2

- 2.3. The board has a Board Skills Matrix, which identifies the mix of critical and general skills that the board currently has and is seeking to achieve in its membership.
- 2.4. An evaluation is undertaken by each director. Further details regarding the relevant skills, experience, tenure and expertise of each director are set out in the Directors' Report contained in the Annual Report.
- 2.5. Qube's Board Skills Matrix and outcomes of evaluation as at 30 June 2025 is set out on page 13.

As at 30 June 2025.

Qube's Board Skills Matrix

Skill set		Description	Limited	General	Advanced	Expert
Critical Skills						
	Logistics, supply chain and stevedoring oversight	Port and terminal (including intermodal) operations; transportation, including intermodal operations; logistics operations (including imports and exports); container handling and stevedoring; warehousing and distribution.	3	1	5	
	Safety oversight	Safety reporting oversight; safety culture oversight; root cause analysis; linkage of safety to KPIs; high risk/consequence industries; safety improvement.	1	8		
	Strategy oversight	Strategic processes and planning; broad portfolio-based capital allocation; business planning and budgeting; implementation of strategic measurement/accountability; understanding of macro-economic and geopolitical trends.	1	1	7	
	Mergers, acquisitions and divestments oversight	Substantial mergers, acquisitions and divestments; transaction structuring; deal execution and integration.	2	2	5	
	CEO experience	Significant P&L leadership; international leadership experience; industry level influence; track record of long-term value creation; leading people at a large enterprise.	1	2	6	
	Resource and agriculture customer oversight	Mining operators; forestry/timber companies; agribusinesses; oil & gas operators; importers and exporters including key export hubs and ports.	2	4	3	
	Technology and data oversight	Understanding of relevant industry technology to drive data-led strategic insights; privacy and data regulation; cyber security risks; emerging technologies (e.g. AI).	7	2		
General Skills						
	Investor engagement oversight	Investor narrative and positioning; investor communications; proxy adviser engagement.	1	3	5	
	Culture oversight	Organisational culture; measurement and reporting; cultural interventions; establishing positive culture; highly unionised workforces.	1	6	2	
	Financing/funding oversight	Financing/fundraising; equity/debt structures; financing and funding alternatives; investor appetite; debt and equity capital markets.	2	2	3	2
	Risk management oversight	Risk management systems; risk reporting to the board; crisis management; regulatory risk management; HR and people risks.	1	6	2	
	Talent and leadership oversight	Leadership development; succession and talent management; organisational culture; diversity initiatives.	2	6	1	
	Remuneration oversight	Balanced remuneration frameworks; external remuneration engagement; short/long-term incentives; ASX remuneration structures.	2	6	1	
	Sustainability oversight	Sustainability governance; climate change and emissions; human rights and modern slavery; community and social responsibility.	2	6	1	
	Accounting and financial reporting oversight	External and internal audit; financial statement preparation; financial control mechanics; scale-appropriate financial systems/processes.	3	5	1	
	Corporate governance (legal and regulatory compliance) experience	Legislative/regulatory frameworks (e.g. ASX Listing Rules, Corporations Act); risk identification and mitigation; competition and trade practices regulation; relevant board experience.	4	1	4	
	Communications and corporate affairs oversight	Reputation management; external communication; crisis management; social licence; building digital presence; regulated industries.	2	6	1	
	Major projects oversight	Major strategic and infrastructure projects; project-based governance and risk funding management, successful project execution.	1	5	3	
	Innovation and disruption oversight	Disruption/industry transformation; emerging technology and skill implications; adding new venture development; value model/industry structure changes.	1	4	4	
	Digital oversight	Digital strategy and transformation; customer digital expectations; emerging technologies; mechanics of digital transformation.	2	5	2	

Principle 2. Structure the board to be effective and add value (continued)

Director Independence

Recommendation 2.3

- 2.6. Qube's Constitution requires that the number of directors (executive and non-executive in total) be determined by the directors from time to time and must be not less than three and not more than ten. The board had, as at 30 June 2025, nine members of which eight were independent non-executive directors comprising Mr Allan Davies as Chairman, Mr Alan Miles, Mr Steve Mann, Mr Lindsay Ward, Ms Jill Hoffmann, Mr James Fazzino, Mr John Bevan and Mr Mick McCormack. The remaining director was the Managing Director, Mr Paul Digney.
- 2.7. The board will continually assess the independence of the directors appointed to the board, the interests they have disclosed and such other factors as the board determines are appropriate to consider. In making this determination, the board is seeking to assess whether directors are:
 - a. independent of management.
 - b. free of any business or other relationship that could materially interfere, or be perceived to materially interfere, with their unfettered and independent judgement.
 - c. capable of making decisions without bias and which are in the best interests of all members.
- 2.8. The criteria utilised by the board in its assessment of independence and the criteria against which it determines materiality are based on consideration of the Principles, in particular the factors relevant to assessing independence as set out in Recommendation 2.3, materiality guidelines applied in accordance with Australian Accounting Standards and independent professional advice as may be sought by the board.
- 2.9. Important but non-exhaustive factors to be considered when determining whether a non-executive director is to be regarded as an independent director include whether that director:
 - a. is a substantial shareholder of Qube or an officer of, or otherwise associated directly with, a substantial shareholder of Qube.
 - b. within the last three years has been employed in an executive capacity by any member of the Qube Group.
 - c. within the last three years has been a partner or a senior management executive with audit responsibilities of a firm which has acted in the capacity of statutory auditor of any member of Qube.
 - d. within the last three years has been a principal of a material professional adviser or a material professional consultant to any member of the Qube Group, or an employee materially associated with the service provided – for this purpose a material professional adviser/consultant is an adviser whose billings to Qube exceed 5% of the total revenues of the adviser/consultant.
 - e. is a material supplier to, or material customer of, any member of the Qube Group, or an officer of or otherwise associated directly or indirectly with a material supplier or customer – for this purpose a material supplier to Qube means a supplier whose revenues from Qube exceed 5% of the supplier's total revenues, and a material customer is a customer whose payments to Qube exceed 5% of the customer's operating costs.
 - f. has a material contractual relationship with any member of Qube other than as a director.
 - g. has any interest or business or other relationship which could materially interfere with the director's ability to act in the best interests of Qube and independently of management.
- 2.10. Based on the board's assessment (including consideration of the factors listed above), the board has made determinations that throughout the reporting period:
 - a. Mr Allan Davies was an independent director.
 - b. Mr Sam Kaplan was an independent director (retired on 21 November 2024).
 - c. Mr Alan Miles was an independent director.
 - d. Mr Steve Mann was an independent director.
 - e. Ms Jackie McArthur was an independent director (resigned on 22 May 2025).
 - f. Mr Lindsay Ward was an independent director.
 - g. Ms Jill Hoffmann was an independent director.

Principle 2. Structure the board to be effective and add value (continued)

- h. Mr James Fazzino was an independent director.
- i. Mr John Bevan was an independent director (appointed on 1 January 2025).
- j. Mr Mick McCormack was an independent director (appointed on 1 May 2025).

2.11. Qube discloses the length of tenure of each director by listing their dates of appointment in Qube's annual reports.

Recommendation 2.4

2.12. As noted above, during the reporting period all of the directors (other than the Managing Director) were deemed to be independent. Accordingly, Qube has complied with this recommendation.

Recommendation 2.5

2.13. The Chairman is Mr Allan Davies who, as noted above, is an independent non-executive director. The Managing Director, as noted above, is Mr Paul Digney. Accordingly, Qube has complied with this recommendation.

Director Induction Program

Recommendation 2.6

- 2.14. When a new director is appointed, they undertake an induction program. The program encompasses information on Qube's strategies, objectives and values as well as Qube's governance framework including its policies, codes, guidelines and charters of the board and its committees. In addition, new directors are provided with a comprehensive induction pack containing information on Qube, its business, structure and management, as well as minutes of past board and committee meetings.
- 2.15. The program also covers Qube's business operations as well as meetings with key senior management personnel. At this time, directors are also introduced to the senior executive team and receive a briefing on meeting arrangements and the culture and values of Qube. New directors are also encouraged to undertake site tours of key business locations.
- 2.16. Qube recognises the importance of providing continuing professional development opportunities to directors to enable them to maintain the skills and knowledge needed to perform their role as directors effectively, as well as to enhance their knowledge of the Qube Group and the industries in which it operates. As part of the board's ongoing development program, directors attend an annual offsite planning and strategy session.
- 2.17. In addition, all directors have ongoing access to information with respect to Qube's business operations and to members of senior management through board presentations, strategic discussions and site visits.
- 2.18. Several board and SHSC meetings each year are held at operational locations. These typically include site visits to interact with operational management personnel aimed at supplementing the board's knowledge and understanding of Qube's operations. Site visits and safety leadership engagement sessions also allow directors to review safety awareness and observe Qube's culture in action. Directors are encouraged to undertake site visits at other times, and management works with directors to facilitate such visits.
- 2.19. Additionally, Qube facilitates directors attending training seminars in relation to important legal, ethical and regulatory issues including corporate governance, anti-bribery/corruption, competition, ESG and cyber security developments.
- 2.20. At least annually, the NRC, having considered the Board Skills Matrix (see page 13) and in combination with the board and committee performance review, assesses whether any existing directors should undertake professional development.

Principle 3. Instil a culture of acting lawfully, ethically and responsibly

- 3.1. Qube is committed to conducting its business in accordance with high standards of ethical behaviour. All directors, managers and employees are expected to act with integrity and objectivity, striving at all times to enhance Qube's reputation. Accordingly, Qube has established policies in order to maintain confidence in Qube's integrity and encourage compliance with both legal obligations and stakeholder expectations.

Values

Recommendation 3.1

- 3.2. Qube has a board-approved Statement of Values that sets out the guiding principles that underpin Qube's culture. They comprise the core values, priorities and behaviours in accordance with which Qube must conduct its business to be both a good corporate citizen and enable the realisation of Qube's purpose and vision. The Statement of Values is available at: www.qube.com.au/about/governance.
- 3.3. The senior executive team has the responsibility of disseminating the Statement of Values and embedding those values across the organisation. All employees receive training on the values which are reinforced by management at all levels.

Code of Conduct and Ethics

Recommendation 3.2

- 3.4. Qube's Code of Conduct and Ethics sets out obligations in relation to fair dealing, insider trading, equal opportunity, privacy and confidentiality, health and safety, the environment, conflicts of interest, expenses and claims, and use of company property. During the reporting period, the board reviewed and approved a revised Code of Conduct and Ethics.
- 3.5. Employees receive training on the Code of Conduct and Ethics which is available on Qube's employee intranet, employee app and public website. In addition, all employees are provided with a copy of Qube's Employee Handbook. This includes summaries of Qube's primary policies as well as important human resources, operational and workplace policies and standards. The policies are cross-referenced and employees are advised how to access the policies and standards and whom to contact in relation to specific queries.
- 3.6. In accordance with Qube's policies and standards, employees are encouraged to report unacceptable behaviour to their nominated supervisors, human resource managers or the company secretary.
- 3.7. As a standing agenda item at its meetings, the ARMC would be informed of any material breaches of the Code of Conduct and Ethics and other significant corporate policies.
- 3.8. The NRC is the responsible committee for matters concerning workplace sexual and gender-based harassment as well as psychosocial safety and psychosocial hazards in the workplace. As a standing agenda item at its meetings, the committee would be informed of any incidents reported in line with Qube's Diversity Policy, Code of Conduct and Ethics, or Workplace Behaviour Policy.

Whistleblower Policy

Recommendation 3.3

- 3.9. Qube has adopted a whistleblower policy in line with the requirements of the Treasury Laws Amendment (Enhancing Whistleblower Protections) Act 2019 (Cth) and includes the content suggestions set out in Box 3.3 of the Principles. The Whistleblower Policy for Qube's Australian and Overseas entities was reviewed during the reporting period. Qube also maintains a separate Whistleblower Policy for its New Zealand entities. Reports under Qube's whistleblower policies can be made anonymously to Qube's protected disclosure officers. All whistleblower policies are available in the Governance section of Qube's website.
- 3.10. The ARMC is the responsible committee in relation to Qube's whistleblower policies. As a standing agenda item at its meetings, the committee would be informed of any material incidents reported under the policies and management's actions in response to verified reports.

Principle 3. Instil a culture of acting lawfully, ethically and responsibly (continued)

Anti-Bribery & Anti-Corruption Policy

Recommendation 3.4

- 3.11. Qube's Anti-Bribery & Anti-Corruption (ABAC) Policy applies to Qube-controlled entities (and their officers and employees) and Qube contractors including agents, distributors, business representatives and advisers acting for or on behalf of a Qube entity. The ABAC Policy was reviewed during the reporting period.
- 3.12. The ABAC Policy includes all of the content suggestions set out in Box 3.4 of the Principles. In summary it:
- sets out management's responsibilities in relation to implementation and oversight of, and reporting and approvals under the policy.
 - explains conduct that is prohibited and provides guidance on giving and receiving gifts, entertainment and donations.
 - sets out Qube's requirements and expectations in relation to engagement with Qube contractors and third parties, including customers, suppliers, distributors and joint venture partners.
 - links to the Whistleblower Policy for complaint-reporting purposes.
- 3.13. As a standing agenda item at its meetings, the ARMC would be informed of any material breaches or incidents reported under the policy and management's actions in response.

Additional policies and materials

Human Rights and Modern Slavery

- 3.14. Qube is committed to the United Nations Guiding Principles for Business and Human Rights and, in turn, the principles and objectives underpinning the Commonwealth Modern Slavery Act 2018 (Act). Qube's approach is to manage modern slavery risks as a subset of a broader suite of human rights concerns pertinent to its business.
- 3.15. In accordance with those principles and objectives, during the reporting period Qube continued to implement actions under its risk management framework based on its ongoing risk-based assessments of Qube's operations and supply chains to identify any modern slavery risks.
- 3.16. Qube has a Human Rights Policy incorporating modern slavery-related obligations and reporting, and has now issued four Modern Slavery Statements under the Act. Qube is currently preparing its 2025 Modern Slavery Statement which will be published by 31 December 2025.
- 3.17. The SHSC is the responsible committee in relation to human rights and modern slavery. Any incidents connected with modern slavery practices, and management's responses, would be reported to this committee.

Conflicts of Interest

- 3.18. Qube has published on its website its Disclosure of Interests and Related Party Transactions Policy. The policy mandates a formal process for directors of Qube and its subsidiaries as well as other senior executives to disclose material personal interests and conflicts of interests as well as any related party transactions. Disclosed interests are recorded in a register of interests maintained by the company secretaries.
- 3.19. In accordance with the policy, directors of Qube Holdings, directors of Qube subsidiaries and senior executives are required to disclose any actual, potential or perceived conflict of interest where a potential conflict may arise, and are required to keep these disclosures up to date. In addition, directors are obliged to disclose any such conflicts under their Letters of Appointment and Officer Protection Deeds. The policy requires that the ARMC be informed of actual or potential conflicts of interest and any proposed related party transactions.
- 3.20. As a standing agenda item at each board meeting, Qube's directors are required to declare any material interests or conflicts in relation to matters to be considered at that meeting. These are tabled before the board and noted in the minutes and register of interests in accordance with this policy. Guided by advice of the company secretary, any such interests or conflicts are dealt with at the meeting in accordance with the policy and the law.

Principle 3. Instil a culture of acting lawfully, ethically and responsibly (continued)

Dealing in Qube's Securities

- 3.21. The board has in place a Securities Dealing Policy which provides guidance to directors and employees regarding dealing in Qube securities. The policy is consistent with ASX Guidance Note 27 on trading policies and was reviewed during the reporting period and released to the ASX in accordance with Listing Rule 12.10.
- 3.22. All directors, executives and relevant employees (as delineated in the policy) are prohibited from dealing in Qube's securities, related financial products and derivatives during specific 'Blackout Periods' (after a financial reporting period and prior to release of the financial results for that period) and whenever they have price-sensitive information which is not generally available. Additionally, the policy specifies who must obtain internal approval to deal in Qube's securities outside the Blackout Periods and the procedures for obtaining that approval.
- 3.23. The ARMC is the responsible committee in relation to the Securities Dealing Policy. As a standing agenda item at its meetings, the committee would be informed of any material incidents reported under the policy and management's actions in response.
- 3.24. Qube provides periodic regulatory and legal compliance training to senior management on the policy, as well as informal briefing sessions for directors, senior executives and relevant employees as part of continuing employee education initiatives. A copy of the policy is available in the Governance section of Qube's website.

Principle 4. Safeguard the integrity of corporate reports

Audit and Risk Management Committee

Recommendation 4.1

- 4.1. The board has established the ARMC with its responsibilities and composition requirements set out in its charter. The ARMC charter was reviewed during the reporting period. The qualifications and experience of the committee's members are set out in the Annual Report.
- 4.2. The committee meets as frequently as required but not less than five times per year. The number of meetings held during the reporting period and the individual attendances of the members at those meetings are set out in the Annual Report.
- 4.3. The committee assists the board in fulfilling its statutory responsibilities in relation to financial reporting, risk management and internal control. The committee's responsibilities have been outlined under Principle 2 (Structure the board to add value). Recommendation 7.1 (that a majority of members of the committee be independent and that it be chaired by an independent director) has been satisfied since September 2012.

CEO and CFO Declaration

Recommendation 4.2

- 4.4. Prior to approving Qube's financial statements for the half-year and full-year financial reporting periods, the board receives a written declaration from the Managing Director and the Chief Financial Officer stating that, in their opinion, Qube's financial records have been properly maintained, and that the financial statements for the applicable reporting period comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Group. The declaration also provides that the opinion is founded on a sound system of risk management and internal control, and that the system is operating effectively.
- 4.5. To support the written declaration from the Managing Director and the Chief Financial Officer, senior management of the business units, Patrick Terminals and the corporate function complete internal control questionnaires and declarations for each financial reporting period addressing financial reporting and the internal control environment.

External Audit

- 4.6. The ARMC also monitors procedures to ensure the rotation of external audit engagement partners every five years as required by the Corporations Act.
- 4.7. If circumstances arise where it becomes necessary to replace the external auditor, the ARMC would formalise a process for the selection and appointment of a new auditor and recommend to the board the auditor to be appointed to fill the vacancy. Policies are also in place to restrict the type of non-audit services which can be provided by the external auditor, and there is a detailed review of non-audit fees paid to the external auditor.
- 4.8. During the reporting period, Qube's external auditor was PricewaterhouseCoopers Australia (PwC). All ARMC papers are available to PwC personnel involved with Qube's audit who are invited to and do attend committee meetings. The external auditor is available to committee members at any time and also attends Qube's AGMs to answer any questions from shareholders.
- 4.9. As Qube's external auditor, PwC is required to confirm its independence and compliance with specified independence standards on a half-yearly basis. This declaration is contained in the 2025 Annual Report.
- 4.10. During the reporting period, the board, through the ARMC, reviewed Qube's external audit requirements and the appointment of Qube's auditor. As a result of this review, the board determined, based on the ARMC's recommendation, to approve the continuing appointment of PwC as Qube's external auditor throughout the reporting period.

Principle 4. Safeguard the integrity of corporate reports (continued)

Verification of Periodic Corporate Reports

Recommendation 4.3

4.11. During the reporting period, Qube released the following key non-audited corporate reports and plan, all of which are prepared by management, and reviewed by senior management and relevant committees and the board as noted below:

- a. **Workplace Gender Equality Agency Report 2024–25** – this report was prepared by Qube's Director – People, Culture & Safety based on an interrogation of payroll records and enquiries made of payroll and HR managers. The draft report was reviewed by the NRC before lodgement with Workplace Gender Equality Agency.
- b. **Sustainability Report 2025** – Qube's Director – Corporate Affairs coordinated preparation of this year's report with Qube's Group Sustainability Manager, GM – Safety, Health & Sustainability and Qube's Director – People, Culture & Safety to engage with the SHS functions across the business. The draft report was then reviewed and endorsed by the SHSC to the board for issue. In relation to FY25 greenhouse gas (GHG) emissions reporting as set out in this report (and in the Annual Report), the committee received a report outlining the basis of preparation based on pre-assurance work conducted by PwC. This document outlined the calculation boundaries, methodologies, assumptions and key references used in the calculations of Qube's reported Scope 1 and Scope 2 GHG emissions. The methodologies used to calculate Qube's GHG emissions are consistent with those described in the National Greenhouse and Energy Reporting (NGER) Scheme applying the Australian National Greenhouse Accounts Factors.
- c. **Modern Slavery Statement** – preparation of the 2025 statement is being overseen by Qube's Director – People, Culture & Safety and Director – Corporate Affairs based on processes implemented under Qube's modern slavery framework. The Company Secretary will review the statement for compliance with the seven mandatory reporting criteria under the legislation. The draft statement will then be reviewed by the SHSC and recommended to the board for final approval to issue. The 2025 Modern Slavery Statement will be issued by 31 December 2025 in accordance with the legislative requirements.
- d. **Reconciliation Action Plan (RAP)** – Qube established a RAP committee in October 2022 to develop Qube's inaugural RAP and consider community engagement activities to promote Qube's vision for reconciliation with First Nations peoples. During the Reporting Period, Qube released its 2025 RAP, which is available within the Sustainability section of Qube's website at: www.qube.com.au/sustainability/reconciliation/

Principle 5. Make timely and balanced disclosure

Continuous Disclosure Policy

Recommendation 5.1

- 5.1. Qube is committed to providing timely, open and accurate information to all of its stakeholders including shareholders, employees, customers, suppliers, regulators and the investment community.
- 5.2. The board has a Continuous Disclosure Policy that sets out Qube's approach to continuous disclosure under ASX Listing Rule 3.1 and to external announcements generally. The policy provides an outline of Qube's continuous disclosure obligations and sets out the measures it has implemented to ensure compliance with these obligations.
- 5.3. The Continuous Disclosure Policy also provides guidelines for the management of external announcements and specifies Qube's authorised spokespeople. The board reviews the policy at appropriate times to ensure it is effective and remains consistent with relevant laws and ASX requirements. The policy was reviewed during the reporting period. A copy of the Continuous Disclosure Policy is publicly available in the Governance section of Qube's website.
- 5.4. Although the board has ultimate responsibility for ensuring that Qube complies with its continuous disclosure obligations, the board has delegated responsibility to Qube's Disclosure Officers for overseeing compliance with Qube's Continuous Disclosure Policy. The Disclosure Officers are:
 - a. Managing Director
 - b. Chief Financial Officer
 - c. General Counsel & Company Secretary
 - d. Director – Corporate Affairs
 - e. Group Investor Relations
- 5.5. In accordance with the policy and internal procedures, senior executives who become aware of potentially price-sensitive information must immediately report this to Qube's Disclosure Officers, who in turn report this information to the board.

Recommendation 5.2

- 5.6. Under Qube's Continuous Disclosure Policy, it is a standing agenda item at every scheduled meeting of the ARMC that management confirms Qube complies with its continuous disclosure obligations.
- 5.7. Copies of all material ASX market announcements are provided to the board on the day they are made. Furthermore, Qube complies with its Continuous Disclosure Policy requirement that all information Qube discloses to the ASX is placed on Qube's website. Qube endeavours to post all announcements on its website on the same day they are released to the ASX.

Recommendation 5.3

- 5.8. Qube has complied with this recommendation relating to the release of investor presentations to the extent applicable during the reporting period. Details of Qube's interactive half-year and full-year results conference calls are published on Qube's website and are open to anyone who wishes to participate. Qube's AGM presentations are also uploaded on the ASX Market Announcements Platform ahead of the presentation, in accordance with the listing rules. Shareholders may ask questions on the presentation at the AGM.

Principle 6. Respect the rights of security holders

Information on Operations and Governance Practices

Recommendation 6.1

- 6.1. Qube is committed to the delivery to its security holders and the broader investment community of timely and relevant information about Qube's operations and governance practices.
- 6.2. Qube has an 'Investor Centre' section on its website: www.qube.com.au/investor/. This section contains links to Qube's activities, ASX and other announcements, and an investor calendar setting out important dates. Important reports are also available to download from this page. Qube has a LinkedIn profile and profiles with other social media platforms which enable it to 'push' news stories and ASX releases to its network of Qube followers.
- 6.3. Security holders can also request information from, and communicate with, Qube online via the 'Contact us' page: www.qube.com.au/contact/. Qube's 'About' page contains information on the board and leadership team and key corporate governance documentation including Qube's Constitution, board and committee charters, key events calendar, Statement of Values and other corporate governance policies.
- 6.4. Qube also has an announcements and presentations section on the 'Investor Centre' page of the website: www.qube.com.au/investor/. This section contains all of Qube's ASX media announcements, reports and presentations, as well as links to Qube's past AGMs including their recordings.

Investor Relations Program

Recommendation 6.2

- 6.5. Qube has an Investor Relations Program, a copy of which is available on Qube's website. The primary purpose of the program is to inform investors and other financial market participants of all major developments affecting Qube's state of affairs and allow them to gain a greater understanding of Qube's business, governance, financial performance and prospects.
- 6.6. As part of its Investor Relations Program, to facilitate effective communication and interaction with investors, Qube holds two investor roadshows each year following its results announcements, as well as additional ad-hoc investor meetings and conference calls with investors and analysts.

Principle 6. Respect the rights of security holders (continued)

Investor Engagement

Recommendation 6.3

- 6.7. The board encourages full participation by shareholders at AGMs to ensure accountability and transparency. Written questions may also be put to Qube's external auditor ahead of all AGMs to answer shareholder queries about the Auditor's Report.
- 6.8. The AGM held during the reporting period was a hybrid meeting held in person and online and also live-streamed. Shareholders were able to vote ahead of the meeting online or by posting or faxing their completed voting form (the details of which were contained on the voting form). Shareholders attending in person were able to ask questions from the floor and vote in person, while shareholders attending remotely were able to submit written questions and vote online.

Recommendation 6.4

- 6.9. As noted in Qube's notices of meeting and as Qube instructs its share registry, all of Qube's resolutions at meetings of security holders are decided by a poll rather than on a show of hands.

Recommendation 6.5

- 6.10. New security holders of Qube are sent a welcome pack of materials from our share registry provider, Computershare. This pack includes information on registering to receive all Qube materials and communications electronically.
- 6.11. Security holders are provided with access to online half-yearly and annual reports and have the option of receiving soft copies of these documents upon request. Through Qube's website and its share registry online shareholder platform, security holders have the option to update their communication preferences at any time to receive the desired type of communications and reports (including annual reports and notices of meetings) electronically.

Principle 7. Recognise and manage risk

Oversight of Risk Management

Recommendation 7.1

- 7.1. The board has adopted a Risk Management Policy in accordance with which the board is responsible for the oversight of Qube's risk management framework. Under this policy, the ARMC and the SHSC are responsible for assisting the board to fulfil its responsibilities by reviewing and monitoring the financial and SHS aspects of, and reporting under, the framework on a periodic basis. The NRC is the responsible committee for matters concerning workplace sexual and gender-based harassment, as well as psychosocial safety and psychosocial hazards in the workplace. The Risk Management Policy was reviewed during the reporting period. A copy of the Risk Management Policy is available in the Governance section of Qube's website.
- 7.2. As described above, the ARMC is comprised of three members all of whom are independent and chaired by a director who is not the Chairman. The committee's charter was reviewed during the reporting period and is available on Qube's website. Meetings of the committee, and individual attendances of its members, are set out in Qube's 2025 Annual Report.
- 7.3. As described above, the SHSC is comprised of four members, one of whom is the Managing Director and the other three members are independent directors. The committee is chaired by a director who is not the Chairman. The committee's charter is available on Qube's website. Meetings of the committee, and individual attendances of its members, are set out in the Annual Report.
- 7.4. Responsibility for control and risk management is delegated to the appropriate level of management within Qube, and the ARMC and SHSC have ultimate accountability to the board. The ARMC is charged with overall responsibility for overseeing Qube's risk management framework and ensuring that all significant existing, new and emerging risks are properly allocated to and overseen by the most appropriate board committee.
- 7.5. The charters of both the ARMC and SHSC expressly describe the risk reporting and consultative relationship between each committee and the board.
- 7.6. To facilitate interaction of the ARMC and the SHSC, and in accordance with their respective charters, the Chairs of the ARMC and the SHSC meet periodically to discuss matters of relevance to both committees and consider allocation of responsibilities between them.
- 7.7. Presentations and training from external experts are a regular feature of meetings of these committees to keep committee members up to date with current issues.

Risk Management Framework

Recommendation 7.2

- 7.8. As required by the board, management has implemented a risk management framework in accordance with the Risk Management Policy which is designed to ensure that Qube's material business risks, including existing significant, new and emerging risks, are identified and that adequate controls are in place and function effectively, and for management to report to the board on whether those risks are managed effectively. This framework incorporates the maintenance of comprehensive policies, procedures and guidelines which span Qube's diverse activities. The matters addressed within the framework include setting financial controls, conducting business audits, investment and acquisition overview, and ensuring high standards in corporate communications and external affairs.
- 7.9. The framework aims to evaluate and continually improve the effectiveness of Qube's risk management and internal control processes. The risk management framework incorporates input from a range of existing systems, programs and policies including:
 - a. a board-approved Risk Appetite Statement (which was reviewed during the reporting period) and high level CMP.
 - b. a comprehensive occupational health and safety program, including specific targets for continuous improvement, occupational health and safety standards, road and rail transport safety standards and safety management systems, all of which are monitored and reviewed to achieve compliance with applicable legislation and regulations.
 - c. a Delegation of Authority Policy (DOA Policy), including guidelines and approval limits for operational and capital expenditure and investments. The DOA Policy was revised by the board during the reporting period.
 - d. a comprehensive annual insurance program.
 - e. a board-approved Treasury and Tax Risk Management Policy (which was reviewed during the reporting period).

Principle 7. Recognise and manage risk (continued)

- f. annual budgeting and monthly reporting systems for all divisions to monitor performance against budget targets.
 - g. the identification and assessment of strategic risks.
 - h. an SHS policy (which was reviewed during the reporting period) and management system (including corporate audits of site safety and environmental compliance), and continuous improvement strategies.
- 7.10. As noted above, the ARMC has global oversight of Qube's risk portfolio with specific risks allocated to a committee depending on the nature of the risk and its relevance to the committee's responsibilities and work. The ARMC also maintains overall responsibility for oversight of Qube's risk management policy, framework and reporting, including on significant existing, new and emerging risks.
- 7.11. Under the Risk Management Policy, each Qube business unit provides for reporting on risk management in its regular management reporting. The risks for each Qube business, as set out in business unit and material associate risk registers, are formally reviewed and consolidated into an overall group risk register. These registers are assessed by the Managing Director, in consultation with senior management, to ensure that each division and material associate has an effective risk management process in place and that the risk registers accurately reflect all current key risks of the Qube Group and its associates.
- 7.12. Twice each year, management conducts a formal group-wide, bottom-up risk review of all business units and operations. This review, together with reviews of major associates, are reported to the ARMC, which in turn reports to the board. During the reporting period, ARMC reviewed Qube's risk management framework, with revisions made as applicable to the Risk Management Policy.

Internal Audit

Recommendation 7.3

- 7.13. Deloitte is the external provider engaged to deliver internal audit services. A rolling high-level three-year audit plan and specific one-year internal audit plan are set each calendar year to ensure focus on relevant and evolving audit areas. The internal auditor reports to management and the ARMC at the conclusion of each module of work. During the reporting period, the internal auditors met with the ARMC and attended a number of its meetings.

Environmental and Social Risks

Recommendation 7.4

- 7.14. Qube's SHSC has responsibility for overseeing Qube's business practices from a sustainability perspective by ensuring they are carried out in a responsible, safe and sustainable manner. Qube's Safety, Health and Sustainability Policy was reviewed during the reporting period. This policy is available in the Governance section of Qube's website.
- 7.15. The SHSC assists the board in its role of overseeing Qube's approach and practices in safety, health, environment and community (social) engagement and reporting.
- 7.16. Qube's Sustainability Report, and the Directors' Report in the Annual Report, set out Qube's reporting framework around environmental and social risks and the material exposure to those risks by outlining how they are identified, controlled, managed and, to the extent practicable, mitigated.

Principle 8. Remunerate fairly and responsibly

Nomination and Remuneration Committee

Recommendation 8.1

- 8.1. Details relating to the NRC were outlined under Principle 2 above. This committee is also responsible for reviewing and making recommendations to the board on remuneration packages and policies applicable to the Managing Director, non-executive directors and, where appropriate, senior executives. One of the requirements of the committee is to ensure remuneration levels are competitively set in order to attract and retain appropriately qualified and experienced directors and senior executives.
- 8.2. The NRC may also review and make approvals and/or recommendations regarding the policies applicable to staff salary reviews generally. As noted under Principle 1 above, Qube continually reviews its remuneration practices from a diversity perspective to ensure all employees of the Qube Group are provided with fair and equitable remuneration and access to benefits, irrespective of gender, sexual orientation, ethnicity, age, social status or beliefs.

Remuneration of Directors and Senior Management

Recommendation 8.2

- 8.3. Qube's approach to non-executive director, Managing Director and senior executive remuneration is set out in detail in the Remuneration Report included in the 2025 Annual Report. Qube's remuneration framework, as described in the Remuneration Report, is designed to be both market competitive and fair to all stakeholders, and contain performance measures aligned to support the values, purpose, strategies, objectives and future direction of the business by attracting and retaining high-calibre individuals. The level and mix of remuneration of non-executive directors and other senior executives is determined by reference to the market via survey data and may include input from external professional remuneration consultants.
- 8.4. The remuneration framework clearly distinguishes the remuneration structure for non-executive directors from that of the Managing Director and other senior executives, and Qube does not have any incentive schemes or retirement benefits (other than superannuation) in place for its non-executive directors who are remunerated by way of cash fees (which may be salary-sacrificed for Qube shares acquired on market in accordance with the Non-Executive Director Equity Plan as referred to at paragraph 8.7 below) and superannuation contributions.
- 8.5. Remuneration packages for executive directors and other senior executives comprise an appropriate balance of fixed remuneration and performance-based remuneration. Performance-based remuneration is linked to specified performance targets aligned to Qube's short-, medium- and longer-term performance objectives and are consistent with Qube's circumstances, purpose, strategic goals, values and risk appetite. The board, based on advice from the NRC, retains discretion, where appropriate, to prevent performance-based remuneration rewarding conduct that is contrary to Qube's values or risk appetite.
- 8.6. For a number of years Qube has appointed an independent remuneration adviser to assist the NRC in reviewing Qube's remuneration arrangements for the directors and management. The NRC, together with Qube's internal remuneration consultant, engaged closely with the external adviser to review Qube's remuneration framework against market practice, alignment with Qube's strategic direction and its responses to market trends and issues.
- 8.7. The Non-Executive Director Equity Plan (NED Equity Plan), together with the Non-Executive Director Minimum Shareholding Requirement Policy (NED MSR Policy), is a salary sacrifice arrangement enabling non-executive directors to receive board fees in share rights in lieu of cash, subject to a minimum shareholding requirement. A copy of the NED Equity Plan and NED MSR Policy are available in the Governance section of Qube's website.

Securities Dealing Policy

Recommendation 8.3

- 8.8. Qube's Securities Dealing Policy includes a prohibition on entering into transactions in financial products which limit the economic risk of holding unvested entitlements under equity-based remuneration schemes. Further details relating to the policy were outlined under Principle 3 above. A copy of the policy is available in the Governance section of Qube's website.
